Attention a la mode Users...

NEED HELP?

Since 2001, TechSource has been providing on-site as well as remote support to appraisal shops just like yours. We are a full time IT consulting company that focuses on the real estate appraisal industry. **We specialize in training, setup and support for the full line of** a la mode **products**. In fact, we used to be appraisers ourselves so we not only know your software but we understand your business.

Examples of just some of the services we offer:

* Hosted multi-user "Virtual Office" remote servers: Run TOTAL across the Internet!!

* Nationwide on-site training and support for the complete line of a la mode products

* On-site network installation and support designed to optimize your TOTAL installation and your appraisal workflow process (we're happy to work with your local techs)

* Technology consulting targeting mobile computing, field data gathering, GPS integration, "paperless" office and other emerging technologies

Having served hundreds of shops both large and small from coast to coast, we offer unique insight into current and future technology trends...what works and what doesn't and what's right for your individual shop. **Please don't hesitate to give us a call at 770-365-2486.** We'll be happy to answer any questions and tell you more about our unique services.
